

# BEHIND THE BEAN

---

  
PALETTE  
CAFE & STUDIO

Sip the essence of sustainability at Palette-Café and Studio, where our artisanal coffee beans are sourced from the heart of the Roastery Village. With a commitment to nurturing the earth and empowering local communities, each cup is a symphony of flavours, a personal dedication to awakening your senses.

Our diverse roasts reflect a passion for perfection – from the delicate balance of fully washed Arabica coffee from Chiang Mai to the natural spirit of Robusta coffee from Nan Province. Experience the perfect blend of Thai-origin coffee from Chiang Mai and Chiang Rai, united with the soulful richness of South American coffee from Brazil. Our shade-grown Arabica coffee from sustainable forests in Chiang Mai is washed and kissed by a smokeless roaster, delivering a taste that dances on your palate.

Embracing a more sustainable future, coffee from the Roastery Village is produced using an eco-friendly Loring Roaster, reducing energy consumption by more than 80% and emitting no smoke. This partnership is not just about the art of coffee; it's a personal promise to the environment, achieving an 80% reduction in natural gas usage and a monumental 250,000 lbs reduction in CO2 production.

The tea leaves used at Palette-Café and Studio also weave a tale of sustainability and taste with exquisite blends sourced from the Monsoon Tea Company. In the lush forests of Northern Thailand, these sustainable tea leaves are cultivated in perfect harmony with nature, ensuring that each cup preserves the delicate balance of the ecosystem. They are more than just a delightful blend for customers; they are a commitment to preventing deforestation, preserving biodiversity, and providing local communities with a stable source of income.

All tea leaves are handpicked from the mountains and transformed into a treasure in Chiang Mai. Each sip narrates a story of conscientious sourcing, sustainable growth, and a dedication to preserving the wonders of the forest where every leaf is a testament to the beauty of responsible living.

Beyond the cup, our commitment extends to the supporting local entrepreneurs, breathing life into our journey. Palette-Café and Studio invites you to be part of a personal commitment to ethical sourcing, enhancing the local communities that make our coffee experience truly unique.
