EASTERN PROMISE

INSPIRATION FOR WINTER SUN IN THE FAR EAST, INDONESIA AND AUSTRALASIA

FAR FROM THE MAD CROWD

Famous for its full-moon parties, the island of Koh Phangan might seem an unlikely choice for a relaxing break. But on the island's north-eastern side, beaches are quieter and there is protected rainforest perfect for hiking and spotting wildlife, such as long-tailed macaques and sea eagles. Stay in the new Anantara Phangan Rasananda on Tong Nai Pan Noi Beach (www.anantara.com), which has 64 contemporary Thai villas with plunge pools, and join one of the daily guided walks with the naturalist. *Scott Dunn offers seven nights from £1,710pp, with B&B, return flights and transfers. 020-8682 5060; www.scottdunn.com*
