

# Pillow menu

To help you peacefully drift off into the land of nod. We have put together a pillow menu designed to suit all sleepers. So whether you prefer to sleep on your side, your back, or duck down or natural fibres, choose your pillow and call Guest Service Centre on extension “o” and we will deliver a sweet dream pillow to your door.

## LUXURY MICRO FIBRE SOFT PILLOW

Made of 100% cotton, micro fibre pillow provides “down-like” feel and comfort. It is the finest polyester available and a great alternative for sleeper who prefers a synthetic fibre filled pillow.

## NATURAL CLASSIC LATEX PILLOW

Comprising of 100% terry sheared cotton, the latex pillow conforms to the shape of your head and provides support all night long. The natural “sponge” construction of latex keeps fresh air circulating.

## CONTOUR MASSAGE PILLOW

The contour massage pillow has been uniquely designed to orthopedically support the neck exactly where necessary, allowing for superior capillary blood flow and spine placement.

## MEMORY FOAM PILLOW

Originally designed for NASA astronauts, the memory foam pillow will absorb pressure and heat, conforming to your neck to support it correctly and help you sleep more comfortably.

## CERVICALOPEDIC PILLOW

A newly designed pillow with a unique oval center area, provides support, extra comfort, and ease when changing positions from back to side. It is designed to support the head and neck in the most natural position during sleep.

## NON-ALLERGIC PILLOW

Made of 100% cotton and anti-dust mite properties, it is specifically designed and produced with materials that minimise allergies or allergic reactions.

## COTTON PILLOW

Our cotton pillow provides a safe, sanitary, comfortable and healthy sleeping environment. The cotton filling is resistant to bacteria, mould and mildew so it is unlikely to cause allergies or irritate sensitive skin.

## HEAD & NECK SUPPORT LATEX PILLOW

The Head & neck support latex pillow has two different sides with differing heights to support the natural curves of your head, neck and shoulders. It properly aligns the spine to ease the body for a rejuvenating sleep.
