Our beautiful Lanna style resort and iconic Golden Triangle surrounds offer a myriad of charming and secluded venues for your private dining journey. Soak up the distinct ambience of your chosen setting and toast views of timeless tranquility.

Simply let us know your preferred venue from the options listed on the following page, and we'll decorate your table beautifully for the occasion.

## VENUES

### Rice Paddy

This picturesque rural setting beside our rice barn, duck pond and terraced paddies has a mystical evening hue and overlooks our softly lit Lanna hotel, with the added romance of a campfire in winter.

### Garden View Terrace

In this intimate setting, a beautifully decorated tent is set up on the lower pool deck with a garden and three country view, offering a cosy and scenic dining experience.

### Elephant Camp

This rustic setting is within our mahout village and although the elephants are sleeping in the jungle, it offers an enchanting back to nature feel, with a campfire lit during winter. With a mahout present, you may also meet the babies in their nighttime environment.

### Hilltop

Soak up mystical surrounds at our secluded hilltop overlooking three countries and the Mekong River, as well as the Big Buddha statue and Chiang Saen's nightlife at the Golden Triangle Point.

### Poolside

A night under the northern stars beside our softly lit infinity pool is undeniably romantic. This venue is easily accessible and allows you to listen to the sounds of our evening musicians playing in the lounge.

### Sunset Sala

Watch a magical sunset over the Golden Triangle. Hideaway in a decorated private sala on a grassy hilltop, admiring the Mekong River's gentle flow and toasting scenic nature in total seclusion.

### Impeccable service

Dining by Design matches the art of fine cuisine and our resort's magical settings with an exclusive service style. Enjoy the discreet attention of a personal butler who will tend to your every need. Cherish each precious moment of your special dining journey with service that is both warm and professional.

### The art of fine dining

Whether your heart's desire is to sample the finest regional Thai cuisine and local northern specialties, to savour gourmet world flavours or a flame grilled land and ocean feast, our collection of connoisseur menus offer gourmet diversity.

The opportunity to collaborate with your chef allows you to fine tune any one of our set menus, and even to create an entirely new menu that perfectly suits your personal tastes and preferences.
