STAY WITH PEACE OF MIND

POST COVID-19

SANITARY PROTOCOLS

STAY WITH PEACE OF MIND

We are committed to safeguarding your health and wellbeing during every moment of your stay.

Dear Esteemed Guest,

Following the recent events of the World Health Organisation's determination of the COVID-19 also known as Coronavirus, we have built on existing health and safety regimens to implement heightened sanitisation and hygiene measures throughout the resort.

In line with our Anantara Brand Programme 'Stay with Peace of Mind', we have a dedicated 'Guest Guardian' responsible for internal audits based on a series of rigid brand guidelines. The guidelines are fully compliant with several expert advisories including Ecolab and Diversey, global leaders in delivering excellence in cleaning and hygiene technology.

We will continue to fully adhere to health and safety measures as per local government guidelines and the World Health Organisation (WHO).

As part of the new initiatives, we have implemented enhanced levels of sanitation and the use of Environmental Protection Agency (EPA) approved disinfectants for the use against COVID-19 and other bacteria throughout all public areas, including lobby, reception, fitness centre, pool area and guest rooms, as well as in our heart of house areas.

We remain vigilant and continue to work with local health authorities to ensure that our hotel is prepared to take additional preventive measures should circumstances indicate.

Stay safe!

Sincerely,

Kevis Bheeharry

Executive Assistant Manager

LOBBY

- Temperature check and sanitation stations are in place in the lobby for guest use and safety
- Each station has a hand sanitizer refilled as required
- Our team members greet guests warmly with a regionally appropriate hand gesture (contactless)
- Our team members wear masks and are trained to disinfect items, areas and surfaces before and after guest usage
- We will be pleased to assist our guests about the establishment's policy in terms of the preventive measures established or other services that guests may require (for example, medical and pharmacy services available in the area or at the establishment itself)
- Room keys are sanitised in front of the guest before handing it over
- Any document handed over by the guest (pre-registration card, credit card, IDs, passport) is sanitised. If feasible, the guest shall be allowed to swipe their credit card without team member having to touch it
- Each item is sanitised before being transferred to the room, especially all luggage
- Physical distance is maintained while escorting the guest to the room
- The telephone numbers of the health authorities, medical centres, public and private hospitals, and assistance centres are available at the reception for use whenever there is the possibility that a guest may be ill

MORE INFORMATION

- Anantara Hotels, Resorts & Spas implemented sweeping new health and hygiene measures to reassure travellers of a renewed focus on guest wellbeing, wherever they choose to stay. A Health & Safety committee has been created to oversee the development and rollout of a new programme 'Stay with Peace of Mind' which builds on existing health and safety regimens to implement heightened sanitisation and hygiene measures.
- A team member has been appointed as 'Guest Guardian' to ensure the highest level of health and safety compliance at all guest touchpoints. The Guest Guardian and team members can arrange medical assistance and advise on local hospitals and medical care if required.
- All team members have received enhanced COVID-19-related health and safety training, including correct procedures for wearing masks and personal protective equipment and physical distancing awareness.
- Regular training with our team members will continue as the current situation develops.
