

CALLING ALL  
YOUNG OCEAN  
EXPLORERS!

Experience once-in-a-lifetime encounters with a variety of marine creatures while learning about their life and habitat, and even participate in some of the Resort's conservation projects. Anantara Kihavah's Marine Biology Courses for kids offers a fun and active day out, led by our friendly resident Marine Biologist.

DOLPHIN PROGRAMME  
USD 115  
Suggested age: 4-8 years

Immerse in fun displays and a range of activities, including helping the marine biologist spot dolphins in the sea and learning to snorkel at our beautiful house-reef.

TURTLE PROGRAMME  
USD 260  
Suggested age: 8-12 years

The marine world awaits with exciting adventures taking place at our underwater restaurant as well as the nearby islands where you'll get a chance to swim alongside turtles and identify a number of colourful ocean creatures.

DIVER PROGRAMME  
USD 420  
Suggested age: 10-14 years

Learn about Kihavah's ongoing conservation efforts with Flora. Take the plunge and get your first PADI Scuba Diving diploma or even your first license! This programme is dedicated to marine enthusiasts who are ready for the next level of adventure.
