

An Immersive Culinary Journey from Sea to Table

19 July 2025

This July, immerse yourself in the soul of Koh Yao Yai with a culinary journey unlike any other. Wander through fragrant rice fields kissed by sea breeze, meet the islanders who raise lobsters and Cobia with care, and drift along the coast on a longtail boat bathed in golden sunset light. As night

falls, sip sundowner cocktails by the shore before indulging in an intimate six-course Chef's Table dinner by the beach, each dish a tribute to the island's land, sea and heartfelt traditions.
