A Christmas Beneath The Moon & Stars of Siam

Navigating the sun and stars has historically been the method ancient sailors used when venturing out into the open sea – akin to the fishermen of Hainan Island in the southern China coast and traders of the Malay Peninsula when settling on this tropical paradise a mere 1,500 years ago. Marking Koh Samui as their new home, the angelic and almost ethereal view of the luminous moon has long been an iconic image of this island while the full moon before yule symbolises the height of power.

Embark upon a journey through the times of Thailand and enter the new year with clarity at Anantara Lawana Koh Samui Resort, providing the perfect escape for this festive season where you can unwind in luxury pool villas while being caressed by the ocean breeze, have your little ones enjoy outdoor activities among pristine nature, and feast on a delectable festive menu prepared with a local touch while gazing at the glistening ocean view. Savour quality family time, the freedom to roam once again, and an experience at the award-winning Anantara Spa.

SPA JOURNEY WITH CHI NEI TSANG

A HOLISTIC BLEND OF GREEN TEA
& CHI NEI TSANG

120 minutes

FLORAL FOOT RITUAL | DETOXIFYING GREEN TEA SCRUB
CHI NEI TSANG MASSAGE | EXPRESS LIFTING FACIAL

Enter the New Year with mental and spiritual clarity as the Yule Moon wanes and give yourself the time to slow down, rebalance, unwind, and restore. We begin with a detoxifying green tea scrub to nourish and rejuvenate your body with the therapeutic properties of green tea before progressing onto the Chi Nei Tsang Taoist Abdominal Massage (CNT).

CNT is a holistic treatment focusing on the abdominal area. As Chi, the life-force energy, moves through the body's internal channels, nervous system, blood, and lymphatic vessels, it works with both the internal organs and energetic pathways of the body. CNT was developed by Taoists to clear out toxins and negative energy, the perfect treatment for starting over a new leaf.
