#### THE HEINECKE FOUNDATION

The Heinecke Foundation supports less fortunate children of all ages who have outstanding records of performance. Each year, the foundation gives scholarships to over 400 students, helping support their education from early learning stages through to graduation.

On a grassroots level, our hotels and resorts provide support to individual students in their local area who have excelled at school by buying books, pencils and school equipment to help further their education.

In return, students are asked to support projects in their own communities. Since 2000, the foundation has supported thousands of children and many have since graduated to earn professional degrees.

Anantara Layan Phuket Resort supports the Heinecke Foundation. Every year, the prestigious scholarships distributed to 15 students from Wat Thepkrasatree school and Thalang Pranangsang school in the Thalang area and internal scholarships are given to all children of team members.
