

The Pawfect Stay

Your Pet Friendly Stay Guidelines

At Anantara Layan Phuket Resort, every member of the family is welcome – even the four-legged ones.
Discover the joy of luxury island living with your cherished pet by your side.

Before You Arrive

To ensure a seamless arrival for your cherished companion, we kindly invite you to share the following details prior to your stay:

- A copy of your pet's vaccination certificates
- A copy of your pet's certificate or passport
- Your pet's name, age, breed, and a photo – if available – for their personalised welcome profile

Our pet-friendly policy warmly welcomes dogs and cats only, with a maximum of two pets per villa. A nightly supplement of THB 1,500+++ per pet applies.*

In the spirit of giving back, 50% of this fee is donated to a dedicated non-profit organisation working to improve the lives of stray animals across Asia. Your stay not only ensures a memorable escape for your pet but also contributes to a meaningful cause.

To safeguard the comfort and wellbeing of all guests, we kindly request that pets arrive with up-to-date vaccination records, in accordance with Thai law and global best practices. Kindly ensure documentation is available upon check-in.

**I accept responsibility for any disturbance or damage caused by my pet and understand that additional charges may apply if necessary.*

Pet Vaccination Requirements

To ensure the safety and wellbeing of all our guests, two-legged and four, we kindly ask that all pets arrive with up-to-date vaccination records, as required by Thai law and international best practices. Please be prepared to present valid documentation upon check-in.

For Dogs

Vaccinations must be current and include the following:

- **Core Vaccines (Highly Recommended for General Health and Import/Export):**
 - Canine Distemper Virus (CDV)
 - Canine Adenovirus (CAV-1 and CAV-2)
 - Canine Parvovirus (CPV-2)
 - Rabies (Legally required in Thailand)
- **Non-Core Vaccines (Based on Risk/Exposure):**
 - Canine Parainfluenza Virus
(often part of combination vaccines)
 - Bordetella Bronchiseptica (commonly for dogs in boarding or social environments)

For Cats

Vaccinations must be up to date and include:

- **Core Vaccines (Highly Recommended):**
 - Rabies (Legally required in Thailand)
 - Feline Panleukopenia Virus (FPV)
 - Feline Calicivirus (FCV)
 - Feline Herpesvirus (FHV-1)
(Often administered as a combined FVRCP vaccine)
- **Non-Core Vaccines (Recommended Based on Risk):**
 - Feline Leukemia Virus (FeLV)
 - Chlamydia felis
 - Bordetella bronchiseptica

Please ensure all documentation is ready and valid at the time

Room & Check-in Process

Pets are welcome in select villa categories, including:
