TIPS FOR TRAVELLERS
Many nationalities can visit Thailand visa-free, with 30-day tourist visas on arrival also available at both Suvarnabhumi and Don Muang airports.

The plugs in Thailand are not standardised – there are at least three different types, some two pin and some three, so be sure to bring a universal adapter or buy one once you arrive. Electronic devices that do not accept 220-240 volts may require a voltage converter.

Learning a few common phrases in Thai is sure to make the friendly locals smile. Please dress modestly for temples / historical sites with shoulders and thighs covered as a mark of respect.
