Sustainable meeting practices

HOTEL MANAGER'S MESSAGE

At Anantara Siam Bangkok Hotel, we embrace a holistic approach to sustainability that aligns with our core values and enhances each aspect of our operations. Our commitment to sustainability is rooted in creating genuine value for our community, enriching experiences for our guests, and fostering meaningful relationships with all stakeholders. We integrate sustainability principles into the fabric of our daily operations to ensure that every department is pulling their weight and contributing to our collective goals. Our sustainability committee plays a vital role in driving forward initiatives that resonate with our guests, team members and stakeholders alike, as we strive to contribute positively to our environment and community.

Please contact us via the email siam@anantara.com if there are any challenges or inquiries related to our sustainable practices and the community.
