TESTIMONIALS

SARAH & STEPHEN

The Marker is an incredible setting to have a wedding but what makes it even more amazing is the people that work there. Everyone there was so invested in making sure our day was perfect - from the events team, to the food & drinks teams, and all who run the operations. We knew everything would be taken care of and they were so accommodating as well as always being one step ahead of us! They are true experts at what they do and even our guests commented on how amazing the service was on the day.

The food was absolutely incredible and many guests still talk about it. Every dish was served to such a high standard it was hard to believe they were cooking for such a big group!

Within one building, there are so many nice settings to celebrate in. We had our drinks reception on the rooftop. It was a real highlight for us and a fab backdrop to get the party started! Everyone we loved was there, on a rooftop in Dublin, with the sun shining, music playing and a drink in hand - it was just perfect!

We knew we were in good hands from the second we met the team. The team there are truly incredible. They are perfectionists but relaxed, they have every detail covered but don't overcomplicate things and anyone we met really cared about their role in our day – we cannot recommend or thank them enough for everything they did to make our day so amazing. I don't feel like there's anywhere like it - it is just magic!

AMY & NIAMH

We were looking for somewhere that suited us as a wedding venue, we didn't want something traditional, we wanted something cool. To be in the middle of things but yet have a quite location like a Rooftop for a ceremony was really perfect for us.

FRANCIS & YVONNE

The Marker Hotel really stood out for us because it was just so unique, different, contemporary, five star, everything was luxurious about it.

AT THE MARKER HOTEL

Out of all the moments...
There comes one, that let's you see,
How it all fits - Here we are, hand in hand,
We mark our love, our fate, hearts aflame,
Red gold, flickers,
Like the lights of this city,
White stars, against the night,
From here, we can see anything -
It's sacred this,
Our love, our life, a gift - and it is just,
The beginning...
