Sustainability & Community

GREEN GROWTH 2050

Gold Certification, valid until 26 February 2028

Anantara Ubud Bali Resort has achieved Green Growth 2050 Gold Certification, recognising its commitment to responsible hospitality, environmental management and sustainable practices.

BALI STARLING CONSERVATION

In partnership with Kehati Pertiwi Lestari Foundation, Anantara Ubud Bali Resort supports the conservation of the critically endangered Bali starling, locally known as Jalak Bali. Through the Dollars for Deeds initiative, guest contributions are matched by the resort to support conservation and breeding programmes.

STINGLESS BEE CONSERVATION

Developed in collaboration with the local community of Desa Taro, the Stingless Bee Sanctuary highlights the importance of native pollinators, including Heterotrigona itama and Tetragonula laeviceps, in supporting biodiversity and healthy ecosystems.

FIREFLY CONSERVATION

Through its collaboration with Bring Back The Light, the resort supports initiatives dedicated to firefly conservation and raising awareness of the natural habitats that sustain these delicate species.

ORGANIC WASTE MANAGEMENT

Organic waste is processed through the resort's waste-management initiatives, supporting waste reduction and more responsible resource use.

PLASTIC & WATER REDUCTION

The resort continues to reduce single-use plastics and promotes responsible water consumption through its operational practices and guest amenities.

COMMUNITY ENGAGEMENT

The resort works with local artisans and communities to celebrate Balinese craftsmanship, support traditional skills and create meaningful connections between guests and the destination.

LOCAL INGREDIENTS & SPA

Locally sourced ingredients and traditional Balinese wellness practices are incorporated into selected spa treatments, reflecting the island's natural resources and cultural heritage.
