

An underwater photograph of a vibrant coral reef. The water is a deep, clear blue. In the foreground, there is a large, branching coral structure with a mix of pink, red, and white hues. Below it, there are more colorful coral patches in shades of red, orange, and green. A large school of small, silvery fish is swimming in the middle ground. Two divers are visible: one in the upper left and another in the lower left, both appearing to be exploring the reef. The overall scene is bright and lively, capturing the beauty of marine life.
