GOLF

Anantara Villa Padierna Palace Resort boasts three world-class golf courses, offering some of the finest play in the Costa del Sol. Additionally, you may also explore more than 40 golf courses along this outstanding location, also recognized as Costa del Golf.

Flamingos

This 18-hole course is the resort's original golfing green, and one of Costa del Sol's most picturesque. Views of the Mediterranean stretch as far as Gibraltar and Africa. The greens are generous in size while the fairways are slender, particularly on the first half of the course. Flamingos has hosted the European Senior Tour and Women's Spanish Open.

Alferini

Alferini enjoys a peaceful setting in a verdant valley surrounded by mountains. One of the few par-73 courses on the Costa del Sol, Alferini was designed by Spanish architect Antonio Garcia Garrido. The 18-hole course is considered technical – demanding length and accuracy – with long fairways and wide greens.

Tramores

Tramores is ideal for beginners or those wishing to perfect their technique, with a Michael Campbell golf academy on site. The 18-hole executive course at 3,468 m is fast and requires accuracy. Situated in a tranquil setting between two valleys, enjoy views of the Mediterranean Sea.
