

### **Junior Adventurers | Learn and Lead**

AED 200 per participant

2:00 pm – 3:30 pm

Minimum of 2 to a maximum of 6 participants per batch.  
Supervised by the Recreation Team and/or Activity Guide.

Junior Adventurers is a hands-on discovery programme designed for children aged 8 to 12, focusing on teamwork, leadership, environmental responsibility, and cultural awareness.

Through guided challenges, children are encouraged to think, decide, collaborate, and take responsibility, supported by trained Explorer and Ranger team members.

#### *Activity 1*

## **RANGER SAFARI & WILDLIFE TRACKING**

### **What We Discover**

How Rangers identify animals by observing tracks, signs, and habitats, while respecting their natural environment.

### **What We Do**

Junior Adventurers take part in a guided nature walk, learning to spot footprints and environmental clues. Working in small teams, they take on simple roles and practise moving quietly and responsibly.

### **What We Learn**

Observation and logical thinking  
Teamwork and early leadership  
Respect for wildlife

*Activity 2*

## ISLAND SURVIVAL CHALLENGE

### **What We Discover**

How preparation and calm decision-making help people stay safe in nature.

### **What We Do**

Junior Adventurers complete guided survival-style challenges, including compass use, recognising safe conditions, and responding to simulated rescue scenarios.

### **What We Learn**

Problem-solving and resilience  
Leadership and cooperation  
Responsible decision-making

*Activity 3*

## CORAL & MANGROVE GUARDIANS' MISSION

### **What We Discover**

Why mangroves and coastal ecosystems are essential for protecting marine life and shorelines.

### **What We Do**

Junior Adventurers join an eco-mission, identifying mangrove life, learning responsible beach behaviour, and taking part in a safe, guided clean-up activity.

### **What We Learn**

Environmental awareness  
Care for marine ecosystems  
Positive impact and responsibility

*Activity 4*

## ANCIENT TRADERS & ISLAND HERITAGE

### **What We Discover**

How the island's history, trade, and environment are closely connected.

### **What We Do**

Junior Adventurers explore artefacts, match objects to their uses, and create simple symbols that reflect island life and heritage.

### **What We Learn**

Cultural appreciation  
Critical thinking  
Connection between history and nature

*Activity 5*

## LEADERSHIP TRAIL & TEAM CHALLENGE

### **What We Discover**

What makes a good leader and a strong team.

### **What We Do**

Junior Adventurers take part in group challenges and decision-making activities, learning to listen, support others, and take shared responsibility.

### **What We Learn**

Confidence and self-awareness  
Respectful leadership  
Teamwork values

*Activity 6*

## **PASSPORT & RECOGNITION**

Each Junior Explorer receives a Passport,  
and collects stamps throughout the programme.

### **What We Discover**

How effort, learning, and teamwork are rewarded.

### **At the completion,**

Each Junior Explorer receives:

Sir Bani Yas Junior Adventurer Certificate  
Explorer Badge
