Nothing encourages a blossoming romance like a beach holiday.

Plunge headfirst into a whirlwind romance at a unique destination on the Dubai coastline. Anantara The Palm Dubai Resort is a distinct blend of serenity and splendour which offers an urban escape. Perched on the eastern crescent of the iconic Palm Jumeirah, an archipelago of islands connected to the mainland, Anantara The Palm Dubai Resort is inspired by traditional Thai architecture in an Arabic setting. Get to know each other better at one of the lagoon-view or beachside rooms as you soak in the genius of this man-made marvel. Designed with true Asian flair, the resort offers cuisines from Asia as well as the Mediterranean served at four speciality venues. Unwind in one of the three turquoise swimming lagoons, enjoy a session at the tennis courts or gyms, or indulge in a choice of treatments at Anantara Spa. Our favourite is the Turkish Hammam treatment that helps get of rid of stress.
