

# MEETINGS AND EVENTS WITH PEACE OF MIND

SAFE. SECURE. SUCCESSFUL

With health and safety as our top priority, you can book your function with confidence.

Each of our fully equipped, versatile venues can be configured for a range of meetings and events in compliance with guidelines from the local authorities, the World Health Organization and the Centres for Disease Control and Prevention. Our safeguarding measures include:

- Physical distancing seating configuration
- Event registration through QR code to reduce individual interactions
- Individually sealed water bottles and glasses with covers
- Sanitized and packed clicker and other presentation materials available in the meeting venue
- Coffee break refreshments and lunches in individual sustainably packaged one-way boxes
- Physical distancing in bathrooms
- Meeting rooms disinfected and sanitised after each event

Health and hygiene measures throughout the hotel focus on guests' wellbeing, with enhanced levels of sanitation. They include:

- Easy access to health stations with hand sanitizing gel and temperature readers for everyone
- Mandatory temperature screening at hotel entrances
- Face masks and gloves worn by team members at all times and changed regularly
- Regular and thorough cleaning with special attention on high-touch areas, using disinfectants approved by the Environmental Protection Agency and electrostatic spray technology for full coverage
- Guidance on physical distancing in elevators and other public areas
- Ongoing training to ensure that our team members are fully knowledgeable

Our measures are in line with guidance from Department of Health, Ministry of Public Health and several expert advisory organisations including Ecolab and Diversey, global leaders in delivering excellence in cleaning and hygiene technology.
