LANDSCAPE

Surrounded by verdant rice paddies and thick jungle canopy, the spectacular scenery around Siem Reap is punctuated by more than 1,000 spectacular temples, the most famous being the majestic structure of Angkor Wat.

The most sacred site of the early Khmer empire, Angkor reached its peak between the 9th and 14th century. The ancient kingdom ruled much of Southeast Asia before being succeeded by Thailand.

PEOPLE

The predominant ethnic group of the region are Khmer people, who make up 90% of the Cambodian population. Like many other early peoples of Southeast Asia, they were part of greater India before moving to the region and establishing the most extensive urban civilization of pre-industrial times under Jayavarman II.

Despite having endured torturous years of hardship, Cambodians are still courteous, peaceful and welcoming. The national language is also known as Khmer, which is spoken by the majority of the population.
