WATER WORLD

Anantara Dhigu Maldives Resort has renovated its Over Water Suites. Set across 20,000 square metres of lagoons, the resort has 110 deluxe villas and suites on a secluded island in the South Male Atoll. The island is reached from the airport by a 35-minute speedboat ride or a seaplane journey. The Beaumont Partnership redesigned the 132-square-metre Over Water Suites, combining rattan decorative panels with Italian ceramic tiling and custom outdoor lanterns. Travellers can choose from Sunset Over Water Suites, Sunrise Over Water Suites and Over Water Pool Suites. Distinctive touches of the renovation include free-standing bathtubs, Grohe rain showers and wood shingle roofing, along with extra indulgences such as an outdoor rinse shower, iPod docking station and Nespresso coffee machine. The six Over Water Pool Suites boast 15-square-metre infinity pools. dhigu-maldives.anantara.com
