Photoshoot

Koh Yao Yai is tranquil, lush and surrounded by the most beautiful beach and cerulean waters. Choose your backdrop for a professional shoot with your dedicated photographer.

Cycling

Koh Yao Yai is large, yet mostly undiscovered, making it ripe for exploration. Follow running trails through the jungle, pedal up hills for stunning panoramas, or cycle to neighbouring villages to see the fishermen bring in their catch.

Beach Games

At low tide, we put on friendly volleyball and soccer matches. Play as a family, or invite our team member along for a game to make up the numbers.

Spice Spoons

Learn the secrets of Thai cuisine. The session begins with a gathering of ingredients and catch of the day from nearby fishing villages. Then whip up your dish, drizzle it in exotic spices and enjoy for lunch.

AT SEA

Discover the enchanting beauty of Andaman with our private, pristine white sandy beach. Immerse yourself in a world of sea, sun, and sand as you enjoy activities such as kayaking and stand-up paddleboarding. Glide through the stunning limestone formations of Phang Nga Bay during island hopping adventures or immerse yourself in the lush blue waters to experience the underwater wonderland, making it the ultimate diving experience in Phuket.

Water Sports

To maintain the tranquility of the island, we provide non-motorised equipment. Stand-up paddle across placid waters, glide along the mangroves in a kayak.

Pao-Ya (Fire Therapy)

Relieve discomfort by rebalancing the elements. Excess of the wind element causes bloating and is combated with increased digestive fire. The belly is gently massaged, then herbs set aflame to release heat and medicinal healing.

Thai Acupressure

Alleviate musculoskeletal discomfort naturally with the gentle manipulation of therapy lines, as well as the targeting of pressure points in the back that correspond to organs throughout the body.

Pok Ta (Herbal Therapy)

A soothing moment of relaxation. A mask of cool herbs applied to the eye area draws out heat elements which cause headaches, insomnia and dry eyes.

Himalayan Sound Therapy

An ancient art perfected by Tibetan monks over centuries. Still the mind and find deep peace with the hypnotic vibrations of singing bowls placed strategically around the body.

ANANTARA EXPERIENCES

At Anantara Koh Yao Yai Resort & Villas, we immerse you in the stunning beauty of Thailand's last undiscovered paradise. Explore by yacht or vintage sidecar. Dive some of the world's best reefs that teem with colourful marine life.

Timeless Exploration

Zoom across the island in a sidecar.

Go behind the scenes and down paths less travelled in a vintage sidecar. Visit local villagers, their rubber plantations and quaint fishing piers. On your ride, you will be accompanied by a professional photographer to capture all the beautiful moments. Stop on a remote stretch of beach all yours for a picnic and Champagne at sunset.

Into the Depths

Diving the Andaman.

The Andaman Sea boasts some of the top dive sites in the world. And at Anantara Koh Yao Yai, we are lucky enough to be within range for a daytrip. Weave in and out of the King Cruise wreck in search of lionfish and morays. Swim within touching distance to leopard sharks at the aptly named Shark Point.

Immersed in Nature

In search of native hornbills.

Hike through lush jungle led by a guide, following the distinctive call of native hornbills. Oriental hornbills are also known for coexisting happily with people, content to perch above us in a tree. Head for the top of the island, where a stunning panorama awaits, the horizon dotted with Phang Nga's iconic limestone karsts.

The Art of Thai Cuisine

Whip up a feast at Spice Spoons.

Thai food is subtle and complex in its flavours, and beloved around the world. Taking advantage of our abundant waters, you can learn how to prepare catch of the day such as barramundi or lobster. After a visit to the local fishing village, follow step-by-step instructions from the chef, steaming, sizzling or frying before enjoying for lunch with a rich array of sauces.
